

Name _____ Date _____

Landmark Identification Chart

After you have selected a Texas city, use its bird's-eye view and satellite images to complete the following chart.

Name of Texas City	Year of Bird's-Eye View	
Landmark	Is the landmark found in the bird's-eye view?	Is the landmark found in the satellite image?
<i>Example: bridge over the Trinity River</i>	<i>Yes</i>	<i>Yes</i>

List three questions you have about the history of the city after identifying its landmarks.

1. _____
2. _____
3. _____

Make one summarizing statement about how your city has changed over time using evidence from your landmark study.
